

## DTT (Freeview) TV Tuner

- DTT (Freeview) TV reception
- Digital video recorder with editing function
- Including DTT antenna
- Ulead DVD Movie Factory with burning function

### Incl. TerraTec Home Cinema software:

TerraTec Home Cinema turns television on the computer into an experience. Whether internal or external TV card, whether digital (DVB-T, DVB-S, DVB-C) or analogue (antenna, cable) – the possibilities of turning your computer into a television are endless. Use a PCI card and a USB box, for example, to record a program and simultaneously view another one or record several broadcasts. All TerraTec TV cards can be freely combined for this purpose.

In addition to the usual functions, such as time-shifted television, electronic program guide (EPG) and digital video recorder, the TerraTec Home Cinema offers a few innovations: With remote programming via the Internet, the current television program can be conveniently searched and a recording can be programmed with a click of the mouse. For this purpose, TerraTec Home Cinema accesses the established service of tvtv.de – an annual subscription is included in the purchase price (download: 60-day version). The computer wakes up at home from standby or the idle state on time and the desired broadcast automatically lands on the hard disk.

Even easier are recordings using the electronic program guide during the broadcast – simply press the corresponding button. No matter how you plan your recordings: They can already be viewed while the recording is still running!

More new functions of the TerraTec Home Cinemas include: Automatic optimization of the aspect ratio, recording of Dolby Digital (AC3), video text and subtitles, support of DVB radio and customizable lists of favorites (genre, location), multi-tuner support and constantly available help functions as well as the advertising editor Cut! which allows for easily cutting advertising blocks – easier than ever before.

Slim and resource-saving, intuitive operation, yet very extensive – the TerraTec Home Cinema fully exploits the possibilities of television on the computer!

## Technical Details

### Features

- Digital TV for notebooks via ExpressCard/34
- digital video recorder
- Time shifting
- EPG support
- Teletext
- Power supply via card slot

### Technical Data

- ExpressCard/34 Bus 500 Mb/s
- Plug n' Play
- Current 470 mA (ExpressCard Bus powered)
- Housing colour: white/orange/metal
- Dimensions: 90 x 34 x 9 mm

### Software

- TerraTec Home Cinema
- Ulead MovieFactory 3 TV

### System Requirements

- 2 GHz Intel or AMD CPU or comparable Centrino certified Notebook
- 512 MB RAM
- Windows XP SP2 / Vista
- ExpressCard/34 slot
- 150 MB free disc space for software installation
- Audio hardware with DirectX support
- DirectX compatible graphics board and video overlay support
- CD/DVD drive for driver and software installation
- CD/DVD drive for creating CDs/DVDs
- Terrestrial digital TV reception (DVB-T, Freeview, TNT)

### Package Contents

- TerraTec Cinergy T Express
- Antenna adaptor
- Antenna with magnetical base
- Installation/software CD-ROM
- Manual on CD-ROM
- Service card
- Registration card
- Quick Setup Guide

Article No.: 10518  
EAN-Code: 4017273105185  
Warranty: 24 month
