leather finish aluminium enclosure for 2.5" SATA HDD

Introduction

Leather finish aluminium body with brushed aluminium fascia panels and polished edges define this luxury enclosure, which goes way beyond classic practicality. Élite series enclosures and card readers elevate your computing experience. Cutting edge technology and top design combined to provide high quality data management.

This compact élite enclosure enables external use of 2.5" SATA and SSD hard drive providing data mobility with style. It is a Plug & Play device, which gives you a connection choice between very convenient USB2.0 allowing easy access to your files whenever and wherever or ultra fast eSATA.

The digital lifestyle is saturated with photos, music and video, which all make storage capabilities so crucial and because élite accommodates high capacity 2.5" SATA and SSD hard drives it is ideal for the job. It is also useful for transferring and backup of data or recovering data from an old system.

Features

- Leather finish with brushed aluminium fascia
- Suitable for 2.5" SATA I/II and SSD hard disk drives
- eSATA and USB2.0 connection with auto mode switching
- Plug-and-play – no drivers installation required
