

Logitech®

QuickCam® 3000 for Business

The Logitech® QuickCam® 3000 for Business with plug-and-play simplicity and high-quality video gives businesses an easy and economical videoconferencing solution.

Designed to provide an easy and economical videoconferencing solution, the Logitech® QuickCam® 3000 for Business delivers true plug-and-play video calling for users of Windows Vista®, Windows® XP and Linux (with Linux UVC driver installed). VGA-quality video (640 x 480 pixels) at up to 30 frames per second means you can enjoy images with an impressive level of detail and fluidity. The webcam comes with our versatile universal monitor clip, as well as an additional tripod socket base that allows the webcam to be mounted securely on desks, walls or other fixtures. QuickCam® for Enterprise software offers IT-friendly installation and, when installed, provides additional features such as video capture, 1.3-megapixel (software enhanced) photos, audio/video mute, RightSound™ technology and motion detection.

- Plug-and-play, UVC compliant video calling
- VGA-quality video (640 x 480 pixels) at up to 30 frames per second
